

Individual Topic
Criteria for Power Point

- Power Point should not take longer than 10 minutes
- Choose at least three photographers that deal with issues related to your individual topic.
- For each of the photographers: choose a head shot of the photographer plus three of their works that relate to your individual topic.
- Relate a short biography of each photographer (when and where they were born; where they were educated; what their philosophy was towards art)
- Explain what type of genre their work can be categorized as and what kind of characteristics are typical of this type of genre
- Introduce each of the photographer's works (title, subject matter, techniques)
- Describe what aspects about their photographs you find appealing
